Agri & Food Companies/ Banks/ NBFC:
Rs 1,00,000+

Most of our work is offered freely to FPOs, reflecting our belief that access to knowledge, compliance support, and policy representation should be accessible to our FPOs. NAFPO's commitment to FPOs includes amplifying their voices and visibility. We showcase FPOs for market linkages, document their challenges in research publications, and advocate for their interests. Through the NAFPO Knowledge Hub and Bharat FPO Finder, we ensure that knowledge and discoverability remain freely accessible to all FPOs.

To continue offering these services at no cost to FPOs, NAFPO invites voluntary membership contributions from ecosystem partners—those who benefit from and believe in the power of collective action and equitable development for FPOs. Your contribution will directly support the continuation and expansion of these public goods, ensuring that smallholder farmers and their collectives remain visible, empowered, and well-supported.
